Objective: This class will explore the three main worldviews in regard to God. These are Theism, Atheism, and Pantheism. From these, we will compare each of these belief systems with Christianity. At the conclusion of this class, students will be able to discuss Christianity and the evidences for the claims of the Bible.

Textbook: *Understanding the Times* by Jeff Myers and David Noebel. This textbook is provided by CCA. Students will be given an HCSB (Holman Christian Standard) version of the Bible for class. It is important that the Bible be brought each day to class.

Grading: Grades will come from a variety of sources. These include (but are not limited to) completed notes and beginning class work, quizzes, study guides, tests and written papers.

Absences: Students are responsible for making up work upon an absence. Students should visit www.johnscovenant.com to find make up work, notes, and daily assignments in the event they miss a class.

Materials needed: Students should come to class each day with Bible, pencil or pen, unit guide, and textbook.

Unit Guides: Students will receive a workbook at the beginning of each unit. These workbooks will contain notes, video listening guides, daily work, and any readings from the unit.

Expectations: My expectations for class in regard to behavior are very simple. Students who disrupt class and prevent learning from happening will be asked to leave class and assigned consequences.

Contact: My contact information is listed at the top of the syllabus. Please feel free to text or email me at any time if you have any questions. I will be glad to do anything I can to help you be successful in this class.

I have read the syllabus and understand the expectations for 9th Grade Bible.
